To Whom it May Concern,

This letter of recommendation is for Donna Walden whom I have had the pleasure of working with for the last 3 years on several community and business related projects of considerable size and scope. She has a heart for people, community and the environment.

I have been impressed with Donna in each of our projects for her professionalism, competency, enthusiasm, work ethic and consistency. I have found her to be self-motivated. She takes each project on as her own and sees it to completion. Her demeanor is always positive and she is able to “coach” those who are working under her direction. She is creative, organized, a good leader, and works well with all types of people.

Her projects have been highly successful. She also excels in creating contracts, negotiating and working with the media.

I would not hesitate to recommend Donna as it relates to any project and cannot think of any creative or administrative job in which she would not be successful. It would be great to have Donna on any team.

Sincerely,

Julie Reeder
